

WORLD CLASS PROTECTION FOR YOUR HANDS!

www.granberg.no

Our vision when developing this glove was very clear: Give the world a protective glove like never before. Hard as a rock to protect from cuts and impact, yet smooth as cotton to wear!

We are proud to present to you the new 9001 glove. This award-winning design provides a powerful combination of comfort, cut resistance and impact protection for your hands.

We dare to say that this is probably the best glove available right now.

We challenge you to prove us wrong!
